Some concern was expressed that Ardley in Fewcott are no longer the lead village they were in the beginning and suggestions were made as to how to remedy the situation. Dorchester Living are using their consultants, Pegasus, to help the village of Kirtlington to oppose Gladman’s proposals for development. The first application has gone to appeal and Dorchester and anxious to complete the Neighbourhood Plan to use against Gladmans. Various working groups have been formed with representatives from Steeple Aston on each. RP requested that ideas for community requirements be made, e.g. Health Care, Skate park, Gym/Pool, public transport, community transport etc. This will also be discussed at the Annual parish meeting. Possible sites for future development will need to be identified within Steeple Aston, including land by the Red Lion and The Crescent. This item will be discussed at the next PC meeting.

ACTION : Clerk to put on next Agenda

11.05.15 Correspondence An email had been received from Vaughan Billings regarding the felling of the sycamore Tree and the rebuilding of his wall. Clerk was instructed to direct Mr. Billings to Richard Drew at Carter Jones who are the Agents for the Diocese.

Emails had been received regarding the complaint to CDC about the mis direction of a planning application. It was decided that little would be achieved by pursuing the complaint as the decision cannot be reversed, however it should be minuted that it was a bad decision and SAPC are not happy with the situation.

12.05.15 Planning ML reported that all trees in Grange Park were the subject of TPOs imposed in the 1970s to protect the trees before the estate was built. As the trees have now grown considerably it was suggested that each application should be looked at individually regardless of the TPO.

No response has yet been received.
