

Consultation on proposed changes to the constitution of Dr Radcliffe's School Foundation

Please consider the following statements and indicate your views.

Return the form to Nigel Roots, Clerk to the Foundation either electronically nigel.roots@freeths.co.uk or by post to Nigel Roots, Freeths LLP, 5000 Oxford Business Park South, Oxford OX4 2BH **by 31 January 2021**

Beneficiaries

Historically the beneficiaries of the Foundation have been young people resident in the parishes of Steeple and Middle Aston, or young people who attended Dr Radcliffe's School for two years. The Trustees do not propose any change to the definition of the beneficiaries.

I agree the beneficiaries should remain as defined above.

I do not agree that the beneficiaries should be defined as above. I propose the following (please write in the space below)

Proposed Objects

The proposed Objects of the Foundation support:

- Dr Radcliffe's School
- providing funds to assist the secondary, further, higher, technical or professional education, training or apprenticeship
- Steeple Aston Pre-school

In addition the proposed Objects allow the Trustees to support charitable purposes in Steeple and Middle Aston, and to support Dr Radcliffe's Almshouses.

I agree with the Objects as drafted

I suggest the Trustees consider the following amendments (please write in the space below)

Appointment of Trustees

Please indicate your agreement or disagreement with the following:

Reduction in the number of trustees	Agree	Disagree
Ex-officio appointment of Chair of Governors, Dr Radcliffe's School	Agree	Disagree
Appointment of Trustees based on skills & experience	Agree	Disagree
Removal of Oxfordshire County Council as a nominating body	Agree	Disagree
Removal of Brasenose College as a nominating body	Agree	Disagree

Any additional feedback or comments

Thank you for your time
